CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 899

Introduced by Assembly Member Yamada

February 17, 2011

~~An act relating to home care services. An act to add Chapter 13 (commencing with Section 1796) to Division 2 of the Health and Safety Code, relating to home care services, and making an appropriation therefor.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 899, as amended, Yamada. ~~Home care services. The Home Care Services Act of 2011.~~

Existing law provides for the licensing and regulation of various community care facilities by the State Department of Social Services.

This bill would enact the Home Care Services Act of 2011 and would provide for the licensure and regulation of home care organizations, as defined, by the State Department of Social Services. The bill would impose various licensure requirements on a home care organization and would also impose a civil penalty on an individual or entity that operates a home care organization without a license. The bill would require a home care organization to inform a client of certain things before arranging for the provision of home care services, as defined, to that client, including, but not limited to, the types and hours of available home care services and the extent to which payment may be expected from specified sources. In addition, the home care organization would be required to, among other things, distribute to the client its advance directive policy and provide a written notice to the client of certain rights. The bill would also prohibit a home care organization

from hiring an individual as a home care aide unless that individual meets certain requirements, including, but not limited to, demonstrating that he or she has specified language skills. The bill would require a home care organization to conduct background clearances on home care aides, as specified, and to require home care aides to demonstrate they are free of active tuberculosis. The bill would also require a home care organization to conduct regular evaluations of its home care aides, as specified, and to ensure that home care aides demonstrate basic competency in certain areas. The bill would establish the Home Care Organization Fund, would authorize the department to impose various fees to be deposited in that fund, and would make a continuous appropriation from that fund to the department to carry out the provisions of the bill. The bill, in addition, would prescribe enforcement procedures and penalties for violations of the act.

~~Existing law provides for the licensing and regulation of various community care facilities by the State Department of Social Services.~~

~~This bill would declare the intent of the Legislature regarding the licensing and regulation of home care organizations.~~

Vote: ~~majority~~^{2/3}. Appropriation: ~~no~~ yes. Fiscal committee: ~~no~~ yes. State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. *The Legislature hereby finds and declares all of*
- 2 *the following:*
- 3 (a) *Seniors, individuals with disabilities, and the frail frequently*
- 4 *find themselves in need of part-time to full-time assistance from a*
- 5 *caregiver in order to live at home independently.*
- 6 (b) *The Employment Development Department has identified*
- 7 *home care services as one of the fastest growing fields.*
- 8 (c) *In California, most individuals hiring a home care*
- 9 *organization believe that the home care aide entering their home*
- 10 *has been thoroughly screened and trained. However, a business*
- 11 *license is the only requirement needed to provide nonmedical home*
- 12 *care services in an individual's home.*
- 13 (d) *In view of the increasing number of home care aides entering*
- 14 *private homes, the number of incidents of abuse and neglect by*
- 15 *home care aides currently being reported in the media is alarming*
- 16 *and a matter of concern because, according to prosecutors, for*

1 every reported incident of abuse or neglect, four others go
2 unreported.

3 (e) Discharge planners commonly keep lists of home care aides
4 and home care organizations for purposes of patient referral
5 without any information about the individuals or the organizations,
6 thereby placing the client and the referring organization at risk.

7 SEC. 2. Chapter 13 (commencing with Section 1796) is added
8 to Division 2 of the Health and Safety Code, to read:

9
10 *CHAPTER 13. HOME CARE SERVICES ACT OF 2011*
